bd

The Showtime Vases are just as current as when we launched them over 15 years ago. They are little decorative sculptures that fully reproduce Hayon's universe. Five models of vases in white porcelain or enamelled in different colours. Five sculptures which can be dressed with flowers. A line of complements with their own personality for Jaime Hayon's Showtime collection.

To celebrate the 10th anniversary of the Showtime Collection, we asked Jaime for new vase finishes. His proposal was a new white enamel finish with decorations in 24 carat gold, which has been a great success.
