Simposio

Designer Studiopepe
Produzione / Production year: 2024

Descrizione

STUDIOPEPE firma il nuovo progetto Simposio per Saba.

L'ispirazione trae origine da un dialogo tra concetti da intrecciare insieme in una sintesi armonica: forme semplici e pure scolpite in linee sinuose ma tali da essere percepite senza tempo.

Il divano Simposio con i suoi elementi tondi e lineari, diventa luogo ideale di accoglienza dove conversare sul mistero della bellezza, creando piccole o grandi arene domestiche.

Anche il piede perde la sua formale funzione e diventa elemento distintivo atto ad evocare la sensualità della pressione sulla stoffa.

Una tappezzeria coraggiosa ha eliminato la maggior parte delle cuciture e solo una piega laterale definisce il profilo degli elementi, come un peplo di reminiscenza greca.

I colori nero, corten e sabbia ben si adattano ai tessuti del guardaroba di Simposio e ne definiscono il carattere originale.

Struttura - Imbottitura

In multistrato imbottito con poliuretano espanso a quote differenziate (35IP e 25IM) per la seduta, ricoperta da una fodera in piuma. Il molleggio della seduta è assicurato da cinghie elastiche con anima in polipropilene. Lo schienale è realizzato in poliuretano espanso 25IM, ricoperto da una fodera in piuma.

Piedini

In mdf laccati con finitura opaca.

Description

STUDIOPEPE designs Simposio, a new project for Saba.

The inspiration originates from a dialogue between concepts to be intertwined together in a harmonious synthesis: simple and pure shapes sculpted in sinuous lines, yet to be perceived as timeless.

The Simposio sofa, with its rounded and linear elements, becomes an ideal place of hospitality where one can converse about the mystery of beauty, creating small or large domestic arenas.

Even the foot structure loses its formal function and becomes a distinctive element, designed to evoke the sensuality of a pressure point on fabric.

A bold upholstery has eliminated most of the seams, only a side fold defines the profile of the elements, reminiscing a Greek peplum.

The colors black, corten and sand are well suited to the fabrics of Simposio's palette and define its original character.

Structure - Padding

In plywood padded with variable-density polyurethane foam (35IP e 25IM) for seating, covered with a feather lining. The seat is sprung with elastic straps reinforced with polypropylene. Backrest is in 25IM polyurethane foam, covered with a feather lining.

Feet

In mdf lacquered with matt finish.
