

CARLINAS tables

bd

Bordering the surreal behind the glass.
The Carlinas tables create lines fit for a gallery
and set for the table.

Cheekily calling to Carlo Mollino's influence
on Oscar Tusquets, these tables were named
Carlinas. The smoked glass tabletop exposes
the supporting structures. Like Mollino's nature-
informed pieces, the Carlinas have twisting
stretchers of wood. They triangulate on the side
table and stabilise larger tables with a diagonal
crossbar. The supports twist like entwined fingers,
and legs come out of the table like bent knees.
