

# PILLOW sofa

**bd**

Muller Van Severen's Pillow sofa modular arrives at BD. Initially designed by MVS for KASSL Editions, the Pillow sofa has been improved into a new playful and modular system for BD.

The independent pillows are crisp and richly hued, perfect for puzzling together to create a fusion of comfortable seating arrangements. Edges curve smoothly and combine into an array of environments where style and grace meet a plush expression of form. One where cushions mix, match, adapt, and grow, wherever they are.

The sofa is available in five fabric options—leather, velvet, canvas, cotton, lacquer, and corduroy—and a wide range of colors.

# Pillow sofa

FINISHES

Modular seating system. Detachable pillows with removable covers. Cushions in polyester foam + polyester wadding upholstered in combinable colours. The sofa is available in five fabric options—leather, velvet, canvas, cotton, and corduroy. Tubular steel structure powder coated in anthracite color. Soft or hard flooring glides included.
