

TREKU

Aura Collection

PRODUCT DATA SHEET

2501

1/3

Model: Aura

Manufactured in: Spain-Europe (EU)

Designers: Angel Marti/Enrique del Amo

The Aura collection has been conceived mainly for sideboards and furniture for living rooms and dining rooms. Its design is inspired by the past and under the influence of the design culture of the Nordic countries, which know how to combine tradition and naturalness with large doses of modernity. The result: a collection full of memories that gives off a very modern aura. The metal legs designed especially for the collection reinforce that retro and timeless look. The finish is very important: walnut and oak wood with a hyper-natural finish and a lacquered look which combine perfectly well with the wood.

1. Composition

1

Choose dimensions of frame and add plastic or metal legs.

2

Place units in frame.

3

Optional: add sliding doors or wall-mounted units.

2. Materials

4. Product maintenance

For cleaning use a cloth moistened with water. Do not use solvents or cleaning products. Avoid placing penetrating liquids, essential oils, perfumes, on top of the furniture.

5. Packaging and transportation

All our products are duly packaged (cardboard, foams and styrofoam). Our carriers are the most demanding for the characteristics of our products.

6. Assembly instructions

All our products include assembly instructions for their correct installation.

See attached document.

Units and chest of drawers are assembled at the factory. For any technical question, do not hesitate to contact our technical department.

7. Warranty

The products have 2 years guarantee as long as its installation is carried out by professionals of the sector and the use of the material is adequate. Treku accepts no liability for any incident arising from the mishandling of the materials supplied.

Wood, being a natural product, may have small differences in texture, color and pattern. Treku is not responsible for any minor differences that may arise.

Because of its natural origin, the wood with time may suffer differences in color and texture, so we cannot ensure homogeneity of color in additional orders.
